

Gamma Sigma Alpha exists to recognize and advance academic excellence as a core value of fraternities and sororities.

A group of scholastic achievers at the University of Southern California, representing various Greek fraternities and sororities, joined together to create an organization dedicated to the advancement of higher education and academic accomplishment. The Alpha Chapter of Gamma Sigma was founded on November 9, 1989, as a result of this student effort. The national board was established the following year to promote the Society's ideals on campuses across the country. The Society quickly grew to over 190 chapters in a little more than a decade.

MEMBERSHIP EXPECTATIONS

Gamma Sigma Alpha can be most meaningful when we agree to follow basic expectations:

- Students are eligible for membership based on grade point average and active membership in a Greek fraternity or sorority recognized by their university.
- The Society strives to uphold the high ideals of scholastic achievement, and therefore, only students with a cumulative grade point average of 3.5 or above (on a 4.0 scale) at the start of their junior year or a grade point average of 3.5 or higher in any semester during their junior or senior year are eligible.
